

Notice for Distribution of Optional Courses for L-4/T-2 Students Term – July 2025

Instructions:

The following instructions should be followed by every student during the distribution:

1. Distribution will be done according to the **Merit Position**.
2. The following optional courses will be offered this semester.

Category	Course No.	Course Title	Maximum Number of Students
1	ME 427	Applied Engineering Mathematics	60
	ME 433	Fluidics	60
	ME 463	Petroleum Engineering	60
2	ME 469	Nuclear Engineering	60
	ME 449	Composite Materials	60
	ME 447	Robotics	60
3	ME 475	Mechatronics	60
	ME 471	Bio Engineering	60
	ME 413	Energy and Environment	60

3. All the students must give their choice to the Microsoft Form by **Friday (28/11/2025)**, carefully, as **multiple responses for the Form are disabled**. After submitting the choice, **no further changes will be accepted**. Forms should be filled using **the Outlook account** provided by BUET.
4. All the students must provide a screenshot of their given choices in the assignment section of TEAMS.
5. Students of irregular batches must submit their completed credit hours and CGPA from BIIS in the assignment section, along with the screenshot mentioned in 4.
